SCHOOL NOTES OF SPECIAL INTEREST

The school opened Monday morning after the week of vacation for the teacher's institute at Phoenix. Several children are away Leon and Helen Sapp, Elmer Flanigan, Anna and Pratt Greer will return from Phoenix by way of Grand Canyon and Clarence Lee is away on a hunting trip. Clyde Rencher entered school Monday, having lost the first quarter of the year's work.

The Gun Club Tournament attracted many of the children Tuesday, probably a half of the attendance bringing excuses for a part of the day.

The Joint County Institute was a great success, probably 800 teachers being in attendance. The session began at 8:45 a. m. and at 8:00 p. m., the afternoons being free for sightseeing and business. The speakers were Dr. Chas. H. Keyes, President of Skidmore School of Arts, Saratoga Springs, N. Y., Dr. A. E. Winship, Editor of "The Journal of Education, Boston, Mass., and Dr. J. C. Muerman, "Rural School Specialist," Department of Education, Washington, D. C. Their addresses were inspiring as well as practical. Dr. Winship gave a series with the titles: Educational Visions, Getting Into The Game, The Personal Element and Making Boys Manly. Each one is a masterpiece. Dr. Keyes began with The Health Problem of American Schools, taking up Life and Growth for the Teacher, The Basis of Educational Control, and Vocational Education in America, and closing with The Test of True Teaching. Entertaining and versatile, Dr. Keyes was a favorite with the audience. Dr. Muerman, sent by the national Department of Education, spoke more specifically, taking as his subjects, Commercial Geography, Rural Schools, and History. His talks were helpful and rich in suggestion. Besides these regular speakers, Rev. Scarlett, State Supt. C. O. Case, Dr. Blome of the Flagstaff Normal School, Dr. Matthews of the Tempe Normal School, and Dr. F. G. Waide, representing the "Sierra Educational News," spoke briefly during the Institute. The entertainment features, music and readings, were especially good, and were well received. Taken as a whole, the Institute was worth much more than its cost.

Rev. C. M. Ross visited grades 1 to 6 Monday morning, and Misses Marguerite Wyrick of Winslow, and Alberta Henning of Pinto visited the grammar room Tuesday afternoon.

Crosby-Crouse

Jesse Crosby, county attorney Navajo county, was married here Wednesday morning to Miss Ruth Crouse. They came in on No. 1, a license was secured, the life-knot tied and the happy couple left on No. 9 a couple hours later for Los Angeles on their honeymoon trip.

The new Mrs. Crosby is a handsome young lady and well known in Flagstaff, where she attended the Normal.

During stop over, some joker attached a couple old shoes firmly to Crosby's baggage with car seals, in order that it might be readily designated as the property of a newly married man. Mr. Crosby spoke several things when he made a hurried rush for his baggage and several more things when he found he had barely to cut off the measly old shoes before the train pulled out.—Coconino Sun.

Holbrook friends of Mr. and Mrs. Crosby join heartily in the best wishes for them a long life of wedded bliss and prosperity.

County Supervisor E. T. Hatch, of Taylor, is here today.

Tom Pickett, who journeyed to Kansas City some two weeks ago with 900 head of Wetzler cattle, returned to Holbrook this morning. He reports a fine trip and having met a number of his boyhood friends in that city who made his stay very pleasant.

FIRST TOURNAMENT A SPLENDID SUCCESS

The First Annual Registered Tournament of the Holbrook Gun Club, held last Tuesday, Nov. 11th was a success in every respect. The attendance was a little short of expectations, but shortage in "quantity" was made up in quality, and on account of such a complete success this year we are promised a much larger attendance next year. Among the visitors present were Mr. and Mrs. S. A. Huntley, of Kansas City, Mo., O. N. Ford, of San Jose, California; Capt. A. H. Hardy, of Denver, Colorado; A. W. Bruner, of Los Angeles, California; R. A. Warner of Phoenix; B. F. Wilson, of Gallup, New Mexico; F. E. Lowe, and C. S. Patterson of Williams, and N. A. Hardeman, of Albuquerque, New Mexico.

Mr. Huntley, after having lost his fiftieth bird shot his remaining 100 straight, thereby winning the seventh extra bar on his DuPont long-run trophy, for 1913. Mr. Huntley, having already visited twenty or more tournaments in the United States this year, spoke very highly of the Holbrook Tournament and the way in which it was handled.

The Cashier's Office was very capably taken care of by R. A. Warner, of Phoenix, who incidentally shot through the program, making a very creditable score.

Immediately following the tournament Capt. A. H. Hardy gave his very entertaining exhibition of fancy shooting.

Holbrook may be very proud of the showing made by the local boys, most of whom are only beginners in the game. About half the local boys shot 90 per cent, or better, and five of them pulled down \$20.00 or more each.

Jess Hulet, however, was very much out of form, having gotten up from the sick-bed only long enough to shoot through the program. It appears to us that he is a little too enthusiastic for his own good.

"Bear-Cat" Wilson, of Gallup, New Mexico, was certainly pleased with his shooting, and well may he be proud of it, for he made a score that would be hard for anyone to beat, and at that he claims not to have pulled a trigger on a clay pigeon for over three years. Come again, Mr. Wilson.

Immediately following Capt. Hardy's exhibition the foundation was laid for The Northern Arizona Trapshooting League, and the following officers were elected: President, J. S. Hulet, of Holbrook; Vice-President Dr. P. A. Melick, of Williams; Secretary-Treasurer, C. P. Cooley, of Holbrook.

SPLENDID WATCH GIVEN BETTS BY MASONS

In token of appreciation of his services in arranging the now famous ceremonial session in the depths of the Grand Canyon, A. A. Betts, worshipful master of the Phoenix lodge, was presented with a beautiful gold watch, the gift of the Masons who were present on that historic occasion. The speech of presentation was made by Thomas R. Marshall, thirty-third degree Mason from Indiana and, incidentally vice president of the United States.

Immediately after the regular lodge session in the Masonic hall Friday evening, which was witnessed by some 300 Masons, the vice president was asked by Grand Master Leroy A. Middleton to make a few remarks.

Mr. Marshall referred to his pleasure at being back in Arizona and among so many brother Masons. Then he went on to refer to the Grand Canyon sessions in September. That ceremonial he declared, was the most unique and appropriate held since the days of the founders of the order. Worshipful Master Betts was praised for originating the idea and for his untiring efforts in carrying out the plan. In conclusion he said:

"As there is only one door in this room, it becomes my duty Brother Betts, to present to you this watch. It is the first watch I ever saw that was not my own that I wanted to keep."

He then placed in the hands of the modest and blushing worshipful master a beautiful Howard watch. Betts' initials were on the back and under the back cover his name was engraved, with the statement that the token was presented to him by the Masons who were present at the Grand Canyon ceremonies.

Betts, taken wholly by surprise managed to stammer out a few words of appreciation. An honor had come to him such as seldom comes to any man.

Addresses were made by Congressman Carl Hayden, by Governor George Hunt and City Recorder Frank Thomas. A banquet was served in the lodge rooms.—Democrat.
